## NEW VARIETIES

**Amberosa** ..... .50

A new 1928 introduction of marvelous growth and beauty and is a fit variety to be grown in any garden. Outside of petals rose doree, amber yellow centre suffused with rose doree, no throat markings, has five to six fully open flowers each 4½ to 5" across, correct placement and a strong tall spike. Substance is good and makes a grand exhibition or commercial flower, midseason. John says this is a good one.

**Bobby Douglas (Rademacher)** \$2.50

Exhibited at the Hartford Show under seedling No. 336 and attracted more attention than any other variety on account of its beautiful formed, extra large pure white flowers. It rates 96 in the Exhibition Gardens. Flowers are well placed on a long, straight spike and is as near perfection as any good pure white flower has ever come. You will be proud to grow this one. Bulbs 1¼ or larger.

**Peacock Blue (Reiman)** ..... .10

A new color in gladiolus and is very attractive in the garden.

## SELECTED MIXED BULBS
